## **“Europe’s Wild Gem - Iceland”**

**Tuesday, 2/14/06 2:00 & 8:00 p.m.**

**Wednesday, 2/15/06- 2:00 & 6:00 p.m.**

It's not a misnomer, but it's so much more than ice. Spectacular fjords, cascading waterfalls, millions of seabirds, volcanic activity, and formations as well as rivers of glacial ice are what makes Iceland a treasure. Join wildlife cinematographer John Wilson and his naturalist wife Denice Wilkins as they capture on film the birds, the behavior and the beauty of this jewel of land on the edge of the Arctic.

## **“It’s Great! Britain”**

**Tuesday, 3/14/06 2:00 & 8:00 p.m.**

**Wednesday, 3/15/06- 2:00 & 6:00 p.m.**

Great Britain is a great place to visit for history. See rambling castles and picturesque ruins, old inns and monasteries, prehistoric tombs, stone circles, and giant white horses cut into limestone hillsides. Hear the Hadrian's Wall and the Ceme Giant. Visit the great British folk music pubs in Somerset and a country and western festival in Wales.

## **“Israel Today!”**

**Tuesday, 4/4/06 2:00 & 8:00 p.m.**

**Wednesday, 4/5/06- 2:00 & 6:00 p.m.**

Some people say Israel is a land as venerable as the Bible and as vibrant as today's newspaper headlines. Israel is certainly a part of the world that has known uncommon turmoil for more than 2,000 years. Visit Tel Aviv, Hezlia, Bethlehem, and Jerusalem. The Reidelberger's traveled the country from top to bottom and present the show with a hope for peace and prosperity which the vast majority of the people in the region desperately desire and richly deserve.
